

Keni and Mickey are two very spoilt indoor Burmese cats who absolutely loved Hannah!

I was extremely impressed with the professional service that Hannah provides, e-mails answered promptly, regular updates and photos were provided and best of all my furbabies loved her.

In the future I have no reservation leaving my furbabies in her care and the small cost (less than a plane ticket for a child) allows Tony and I to enjoy our vacation without any worry.

I have and will continue to refer Hannah to all my friends and colleagues.
